U. OF VA. STUDENTS HURT.

David Dunlop and R. B. Jacks Trampled by Horse,

Chariottesville, Va., Oct. 22.—Beware of a fat man's race. This is the moral that a couple of University of Virginia students drew from an accident that hapened to them at Madison Park here this afternoon.

They were watching the contest when they were knocked to the ground and trampled on by a skittish horse. David Duniop and R. B. Jackson were the two young men, and the accident occurred at the fall meet of the Albermarle Hunt Club held at Madison Park, near Charlottesville. near Charlottesville.

Dunlop had one of the bones of his jaw fractured as a result of the melee with the breakaway horse, while Jackson is nursing several bruises.

### HIS TESTIMONY IS TAME

Cross-examination Tomorrow Will Be Short and Without Sensations, Says Counsel for Rockefeller.

New York, Oct. 21.-Counsel for the accused millionaire present and former directors of the New Haven Railway to-day expressed satisfaction with the tes-timony so far of Charles S. Mellen at the conspiracy trial in the United States
District Court and intimated that the
cross-examination of Mellen by R. V.
Lindabury, counsel for William Rockefeller, contrary to expectation, would be

tame that Lindabury is authority for the statement that the cross-grilling of the former president of the New Haven will amount to little.

Beyond identifying books from which the government has read how the New Haven directors beat down their chief rival, the New York and New England Railway, Mellen has told nothing damaging to his former colleagues, friends of the accused men assert.

### Blames Dead Financier.

More than that, the only serious testi-mony against the eleven accused di-rectors, derived from the minute books, the acquisition of Housatonic Railway, which shut the New Haven out of New York, was blamed entirely upon the late J. P. Morgan. The dead financial king, he said, owned stock in the Housatonic,

bulk of the remainder of its documentary evidence. Mellen will be used by the prosecution for three or four more days.

After that, other witnesses will be called to identify the books and letters. Mellen's further direct and cross-examination is expected to occupy all next week, the will resume the stand on Monday, as there was no session of court today.

Henry K. McHarg, Lewis Cass Ledyard, and William Rockefeller, three of the eleven former directors of the New Haven Railroad now on trial in New York, leaving the Federal court. The defendants, who are being tried in Judge Hunt's court, are charged with conspiracy, based on the theory that the New Haven Railroad, by gradually absorbing about 160 other transportation companies on land and water, almost eliminated transportation competition throughout New England.

# With Ingenious Inventions | J. P. Morgan. The dead financial king. he said, owned stock in the Housatonic, controlled the New Haven and engineered the deal against the New England. The government in its 570 exhibits has minute books of the New Haven enough to consume more than a month in showing deals similar to those already put before the jury, showing how the New Hayen swallowed up the rail, trolley and water transportation lines of New England. Italians Gain Big Succus day Offensive.

Rome, Oct. 23.-More than 12,000

Rome, Oct. 23.—More than 12,000 Austro-Hunsarian prisoners have been taken by the Italians in their offensive, which has now been under way all along the front for two days, according to advices from the front.

At a number of points from the Tyrolese Alps to the Carso Plateau on the Isonzo front, the Austrians have been driven from advanced positions, leaving many prisoners and large quantities of supplies in the hands of the captors.

At some points in the Alps heavy snow storms are interfering with operations and artillery duels have been carried on in storms so severe that the gunners could not see the lines of the enemy.

Heavy losses were inflicted on the Austrians when they counter-attacked in the lain Motion picture. The start Which trians when they counter-attacked in the Lagarina Valley in an effort to regain lost ground near Monte Crosano.

Administration on Trial.

The Wilson administration is taking an active interest in the campaign in at least three States. Desperate efforts are being made to assure the election of Augustus O. Stanley, the Democratic candidate for governor of Kentucky. Democratic leaders also are throwing their support to Emerson C. Harrington, party candidate for governor of Maryland, in the hope of keeping that State in the Democratic column. Despite surface indications, that seem to assure the reelection of Gov. David I. Weman suffrage, prohibition, the liquor traffic, state income taxes, referendum plans and some lesser reforms will be passed upon at the forthcoming elections. Equal suffrage will be subjected to the acid test in New York, Pennsylvania and Massachusetts. It is the general expec-tation here that New York will follow New Jersey's lead, and declare against qual suffrage. The situation relative to uffrage in Massachusetts in a little uncertain, with the chance slightly favoring the issue. The issue may be decided by the city of Boston where the Irish vote is lined up against the reform. Supporters of equal suffrage are not very hopeful over the outlook in Pennsyl-

Weller Has ood Chance. Acting in behalf of the administration Senator Oilie James is putting up a strong fight for Candidate Stanley in Kentucky, Prohibition is the real issue in Kentucky. Stanley is the candidate of the "wets." A few weeks ago it looked as if Stanley would win in a walk. \*s the campaign rogresses, feeling over the tion becomes more intense and Kentucky may furnish the surprise of the campaisn by electing a Republican governor in the person of Edwin P. Morrow. While prohibition is the spoken issue in Kentucky.

the administration is on trial owing to its public espousal of the candidacy of Mr. Stapley.

With the decline of the Progressive strength in Maryland. Republicans believe that State is about to wheel into the column of the minority party. Information received here says Ovington E. Weller, the Republican candidate for governor, is in the lead at present. His chances for election are increased by the bitter strife in the Democratic party in that State. The so-called Democratic "machine" opposed the administration in the primaries, defeating Blair Lee. Emer-

'machine' opposed the administration in the primaries, defeating Blair Lee. Emerson C. Harrington, who defeated Lee, is having a hard time of it owing to the failure of friends of Lee to come to his support.

In Massachusetts, Mr. McCall, the Republican candidate for governor, is receiving most of the old Bull Moose support. The Progressive candidate is exciting very little interest.
